

PLACER COUNTY
REDEVELOPMENT AGENCY

MEMORANDUM

TO: Honorable Members of the Redevelopment Agency Board
FROM: Richard Colwell, Chief Assistant CEO – Redevelopment Director *RE Colwell*
Rae James, Deputy Director
DATE: August 1, 2006
SUBJECT: Adopt a Resolution Approving the Use of up to \$4,600 of Tax Increment Bond Proceeds to Purchase a Permanent Drainage Easement for the Jackpine Street Public Parking Lot, Make Findings Required by Health and Safety Code Section 33445, and Authorize the Chief Assistant CEO-Redevelopment Director or Designee to Sign All Related Documents, Subject to the Review of Agency Counsel.

ACTION REQUESTED: Adopt a resolution approving the use of up to \$4,600 of Tax Increment Bond Proceeds to purchase a permanent drainage easement for the Jackpine Street Public Parking Lot, make findings required by Health and Safety Code Section 33445, and authorize the Chief Assistant CEO-Redevelopment Director or Designee to sign all related documents, subject to the review of Agency Counsel.

BACKGROUND: On October 21, 2003, your Board approved entering into a long term lease agreement for the Jackpine Public Parking Lot (Lot) and on July 25, 2006, your Board authorized the purchase of land coverage for the Lot in the amount of \$48,000 plus associated expenses. The Lot is located along Jackpine Street and will provide parking for 40 vehicles (see Attachment - Map).

As part of the Best Management Practices related to the development of the Lot, the Tahoe Regional Planning Agency has required the storm water retention basin have a drainage channel to the Tahoe City Creek. The Agency's leased property does not extend to the creek and a permanent drainage easement across an adjoining property is required. Keith Tahoe Investments owns property that straddles the Tahoe City Creek and is approximately 1.01 acres which is improved with two retail units on the east side of the creek. The proposed easement is in a Stream Environment Zone setback area which cannot be developed. The rectangular easement is approximately 1,155 square feet and will provide drainage facilities and erosion control that will help control runoff in the area. The Department of Public Works, acting on the Agency's behalf, has obtained an appraisal on the property and the Agency presented an offer to Keith Tahoe Investments for \$3,500 which is the appraised value of the easement. The property easement is the subject of another item on this agenda. The proposed easement agreement is attached in its substantial form.

Board approval of this item would also add the easement to the Master Fixed Asset List.

FISCAL IMPACT: Total estimated expenditures for this acquisition are \$4,600 including closings costs. The Agency has secured sufficient North Lake Tahoe Redevelopment Tax Increment Bond Proceeds to make this purchase. There will be no impact on the County General Fund.

ENVIRONMENTAL STATUS: The CEQA process is complete on the Jackpine Street Public Parking Lot and a Mitigated Negative Declaration was issued. The Board of Supervisors confirmed the determination on June 13, 2006 and the notice has been recorded.

FINDINGS: Under California Redevelopment Law (Health & Safety Code Section 33000 et seq.), before the Agency can expend funds for acquisition of land for public improvements, such as an access easement for the public parking garage, the Agency and the Board of Supervisors must make specified findings pursuant to Health and Safety Code Section 33445.

The Agency is in constant pursuit of implementing and accomplishing the stated goals of the Redevelopment Plan for the North Lake Tahoe Project Area (the "Redevelopment Plan"). Health and Safety Code Section 33031(a)(2) identifies as a blighting condition factors that inhibit the economic viability of buildings or lots, such as lack of parking. Section 323 of the Redevelopment Plan specifically authorizes the Agency to install public parking facilities. The Report on the Redevelopment Plan, prepared at the time the Redevelopment Plan was adopted, called out as a blighting factor, commercial buildings that suffer from lack of convenient public parking. The Agency's 2001-2006 North Lake Tahoe Implementation Plan identifies the installation of public parking in Tahoe City as a goal and a program of the Implementation Plan (see pages 8 and 16). The installation of additional public parking should assist local properties attract additional customers and clients, which will result in a positive effect on blighting influences in the Project Area. The acquisition of the access easement to allow installation of additional public parking in the Project Area will support the goals of the Redevelopment Plan and the Implementation Plan

The County has no other reasonable means of financing the estimated cost of the acquisition of the access easement as the County General Fund has balanced its revenues and expenditures. The County budget has allocated resources to other funding priorities and has no unused funding to allocate for the acquisition of the drainage easement, and therefore it is appropriate for the Agency to fund the acquisition of the drainage easement for eventual construction of the public parking lot.

RECOMMENDATION Adopt a resolution approving the use of up to \$4,600 of Tax Increment Bond Proceeds to purchase a permanent drainage easement for the Jackpine Street Public Parking Lot, make findings required by Health and Safety Code Section 33445, and authorize the Chief Assistant CEO-Redevelopment Director or Designee to sign all related documents, subject to the review of Agency Counsel.
